§ 402. Plant and animal quarantines—National regulations.

(1) With the prior approval of the President of the Federated States of Micronesia, the Secretary of Resources and Development shall issue plant and animal quarantines and regulations relating to the administration and

enforcement of the controls established by this chapter.

(2) Letters and memoranda may be issued from time to time by the Secretary of Resources and Development relating to the administration and enforcement of such controls, quarantines, and regulations.

Cross-reference: The statutory provisions on the President and the Executive are found in title 2 of this code.

§ 410. Inspection.

(1) All animals and plants or parts thereof, including seeds, fruits, vegetables, cuttings, etc., entering or transported within the Federated States of Micronesia are subject to inspection by agricultural quarantine inspectors and may be refused entry into or movement within the Federated States of Micronesia if they are known to be, or are suspected of being, infected or infested with disease or pests.

(2) All aircraft and vessels or their cargoes, including baggage, ship's stores, and ballast, entering or moving within the Federated States of Micronesia, are subject to inspection by agricultural quarantine inspectors for the purpose of enforcing the controls, quarantines, and regulations established pursuant to this chapter; provided that such inspections of U.S. military aircraft and vessels shall be subject to existing military security regulations.

(3) It shall be a petty misdemeanor for anyone to interfere with or refuse to submit to the inspections authorized by this section.
